

District Priorities for 2016-2017

Annual district priorities for 2016-2017 are aligned to the 2013 long-range strategic plan.

Strategic Initiative – Raising Student Achievement

- Increase the percentage of students meeting individual fall-to-spring growth targets on MAP assessments
- Implement the new K-5 standards-based report card
- Complete the work of the junior high grading learning team
- Conduct an EL program evaluation
- Conduct an RtI/MTSS program evaluation
- Begin implementation of District Equity Initiative (SEED)
- Provide math professional development to align curriculum with Common Core Standards

Strategic Initiative – Building Community Partnerships

- Continue and expand partnerships and relationships with community resources in order to support the academic and social-emotional needs of students
- Develop a Community Leaders Communication Group
- Continue parent outreach efforts

Strategic Initiative – Teaching, Learning, and Working with Technology

- Improve disaster recovery plan for technology resources
- Implement TLi68 1:1 at 2nd Grade
- Continue to provide a comprehensive professional development plan to support teachers in the integration of technology into teaching and learning
- Ensure the technology infrastructure is robust and able to support the District's administrative, teaching, and learning needs

Strategic Initiative – Maintaining Fiscal Responsibility

- Complete a bid for Food Service
- Secure a new architect of record
- Implement new residency verification process
- Negotiate a new contract with the District 68 Education Association
